Monodose Ear
Cleaning
Solution For
Dogs, Cats &
Rabbits

PYOclean[®] Oto

PYOclean[®] Oto is a purifying ear cleaner specially developed to cleanse the ear canals of dogs, cats or rabbits who get recurrent ear problems. Its practical & hygienic presentation in single-doses helps limit cross-contamination between ears. Thanks to its ingredients of 100% natural origin, PYOclean[®] Oto gently removes ear wax, debris and bad odours. It helps soothe, purify and regulate the flora of the ears and does not irritate the ear canal.

Given in single-dose vials, it allows a precise and sufficient dosage. It also limits contamination from one ear to the other and removes concerns about bottle contamination making it ideal for in-consult use.

Contains:

- **Cleansing ingredients:** soap-free lipoamino acids of green apple
- **Antibacterial, anti-fungal and antibiofilm ingredients:** propolis & honey combined with essential oils derived from red myrtle
- **Soothing ingredients:** honey & propolis

Uses:

- For in-clinic use cleaning ears in the consult room
- Maintenance cleaning by the client to help maintain healthy ears in their pet

Available in 10 x 5ml vials

Directions for use

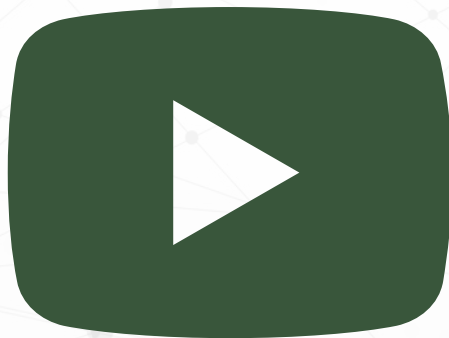

- Break the top of the vial
- Apply the solution into the ear canal
- Massage the base of the ear for 30 seconds
- Wipe clean with a cotton pad
- Apply once a week

Clinical Evidence

Efficacy of a purifying ear cleanser in dogs with canine erythematous-ceruminous external otitis or defects in epithelial migration
