

Dia-Tab

Fast-Acting
Stool Binder

Dia-Tab Tablets

Dia-Tab is a fast acting binder to help restore and maintain proper bowel function. Carob binds with water, absorbs toxins and supports normal bowel function. Pectin is a natural fibre with prebiotic characteristics, which binds water, promotes normal stool consistency and soothes the intestinal tract.

Composition:

- **Pectin:** a soluble fibre derived from fruits and vegetables that adds bulk to stools and soothes the intestinal tract
- **Carob flour:** from ground seeds of the carob tree, rich in carrubina that absorbs water up to 100 times weight for weight, as well as toxins, for preventing watery stools
- **Clinoptilolite:** a mineral and zeolite (microporous aluminosilicate) which, when activated, works like a sponge to bind and absorb toxic substances before elimination in the faeces
- **Betaine:** a plant-derived pro-vitamin involved in the synthesis of vital substances such as methionine, and has cell osmo-protective properties
- **Sodium and potassium:** restore lost minerals
- **Maltodextrin:** a source of energy

Uses:

- To help normalise bowel movements in cases of gastrointestinal upset caused by:
 - **eating garbage or spoiled food**
 - **stress**
 - **changes in diet**
 - **viruses**
 - **bowel disorders**
 - **medications**

How to use

- Add tablets to food or place directly in the mouth, as directed
- Dogs up to 10 kg: ½ tablet twice a day
- Dogs 10–20 kg: 1 tablet twice a day
- Dogs above 20 kg: 1 tablet three times a day
- Administer for 1–3 days.
