

Solo Vegetal[®]

Vegetable-
Based Diet For
Dogs

SOLO[®] by DRN **Vegetal** *Dry Food*

Solo Vegetal is a unique, nutritionally complete vegetable based dry food that can be given in conjunction with meat based diets or given on its own or alongside Solo Vegetal Wet Food as part of a vegetarian / vegan diet. Solo Vegetal does not contain any meat, fish, dairy or soy proteins and contains highly digestible wheats making it ideal for elimination trials when food sensitivity or intolerance that causes skin or gut problems is suspected. Dermatologist recommended.

Composition:

- Spinach, Apple, Tomato, Carrot, Chicory, Alfalfa, Hulled oats, Einkorn wheat, Buckwheat, Spelt, Wheat germ, Evening Primrose and Borage oil.

Analysis

- Crude Protein 24.0%, Fat Content 11.25%, Crude Fibre 3.7%, Ash 5.2%

Feeding Guidelines:

SOLO[®] Vegetal must be given as per the feeding amounts in the table below. SOLO[®] Vegetal can be given dry or slightly moistened. Feeding amounts may be changed as deemed appropriate based on the individual animal's needs.

Weight of dog in kg	2	4	6	8	10	15	20	30	40
Feeding amount for active dogs in grams	70	100	140	180	200	230	270	500	600
Feeding amount for maintenance in grams	50	80	120	140	150	190	230	450	500

Solo Vegetal is suitable for dogs over 12 months of age or when they are fully grown.

If feeding as part of an elimination diet trial, exclude all other protein sources including treats and medications.

SOLO[®] by DRN **Vegetal Wet**

Solo Vegetal Wet Food is a unique vegetable based diet for dogs. It does not contain any meat, dairy, soy or fish proteins and is grain free making it ideal for dogs with skin or gut issues related to food sensitivity or intolerance.

Solo Vegetal Wet can be fed alongside Solo Vegetal Dry Food as part of a vegetarian / vegan diet. Dermatologist recommended.

Composition:

- White & Red Beans 20%
- Carrots & Peas 10%
- Potatoes 10%
- Lentils
- Sunflower & Vegetable Oil
- Pea Protein
- Minerals
- Dry Pineapple Stem Extract 0.01%

Analysis:

Moisture 66%, Crude Protein 9.0%*, Fat Content 6.5%, Crude Fibre 1.5%, Ash 2.8%

*26.5% protein on a dry matter basis

Feeding Guidelines:

SOLO[®] Vegetal must be given as per the feeding amounts in the table below. SOLO[®] Vegetal can be given dry or slightly moistened. Feeding amounts may be changed as deemed appropriate based on the individual animal's needs.

Weight	11kg	15kg	20kg	25kg	30kg	35kg	40kg	50kg	60kg
Feed	370g	470g	580g	690g	790g	880g	980g	1160g	1325g

Solo Vegetal is suitable for dogs over 12 months of age or when they are fully grown.

If feeding as part of an elimination diet trial, exclude all other protein sources including treats and medications.
