

Zeep[®]

Wound
Healing Gel
For Dogs &
Cats

Zeep®

Zeep is a skin emulsion for dogs, cats and horses that contains the natural wound healing and antiseptic properties of essential plant oils to quickly help heal wounds, cuts, abrasions and burns. It helps speed up the re-epithelialisation process for quicker wound healing. The combination of ingredients also acts as an insect repellent and can deter the laying of eggs and presence of larvae where the skin is damaged.

Composition:

- **Geranium** – healing, astringent & antibacterial
- **Thyme** – healing, pain relieving & antibacterial
- **Melaleuca** – healing, antibacterial, antifungal & soothing
- **Pentylene glycol** – antibacterial & moisturising
- **Tripelargon** – emollient & skin softening

Usage:

- Ideal for use on wounds such as bites, cuts, abrasions and suture break-downs
- Can be used post-surgically on suture lines
- Can be used in conjunction with Contego wound spray to prevent post-surgery complications

Directions For Use:

- Apply 1-2 times per day directly to the affected area until the wound has healed
